Dear Mr. Heim and Mr. Wright,

Thank you for your outstanding leadership and the work of your team during the construction of West Chester University's Business and Public Management Center. The Open House and recognition event held last month was a great success, but we were sorry that you were not able to attend. Please know that the community was able to visit and tour the state-of-the-art building built by Heim Construction, Co., and that our students, faculty, and staff are admiring and valuing this facility every day.

The work accomplished by the Heim team is to be commended for the turnaround of the project, and completion of this long-awaited facility, which we believe is one of the finest teaching and learning spaces in America today. Please accept the enclosed plaque as a small token of the university's appreciation for your commitment to the project.

If you have the opportunity to visit campus, please do not hesitate to contact me for a chance to thank you in person. Best wishes for a great summer and continued success with Heim's current and future projects.

Sincerely,
